Announcement

WE OFFER this catolog to assist you in selecting an emblem for your class or club.

In buying jewelry it is essential to know the dependability of the company with which you deal. We refer you to any bank or to our commercial rating and invite investigation. You have the advantage of our twenty-five years of experience as manufacturers, in which time we have developed the largest business of this kind in America, largely due to our constant endeavor not only to satisfy our customers but to exceed their expectations. We merit their confidence because we give honest value and deliver exactly what we say we will.

All our rings and pins, including the shanks of the rings, are die struck under drop hammers, not cast. Because of the compression of the gold, die struck emblems are harder and will wear longer. The letters and numerals are clean cut and the detail of the design is distinct.

Our own art department expert die cutters, skilled jewelers, experienced workmen, and a big modern factory make it possible to furnish emblems of attractive design, clean cut die work, substantial construction and beauty of finish, produced by the best methods.

All goods are PERMANENTLY GUARANTEED against defects in material and imperfect workmanship. We will repair or replace any article that becomes defective and money will be refunded if not exactly as represented. We are not satisfied unless you are.

SAMPLES

Samples from stock will be submitted when accompanied by their value indicated in catalog; which amount will be applied to payment of your order or refunded upon return of the assortment. Deposit will be waived when request is made by a Principal or when he guarantees return of samples.

INSTRUCTIONS FOR ORDERING on page 32.

High School Emblems

Made in Any Quantity

We present on page 3 a number of emblems especially designed and constructed, for which we have prepared master dies, so that emblems for the classes of 1923, 1924, 1925 and 1926 may be purchased in any quantity without an additional charge for a die.

PLEASE NOTE: the letters H and S, representing "High School," cannot be changed. The word "Academy" cannot be changed on pin 4294. Any name of not more than eight letters can be used on pin 3368. The word "County" on pin 4026 may be changed to "Union" or "Twp." and on pin 4182 the lettering can be changed to read "Union," "Township," "Community," or "Consolidated" High School. When ordering state exact lettering wanted. See Rings, on page 9.

* The center or predominating letter is white gold, while the base of the pin, containing letters H. S. and date, is green gold or regular yellow gold. In ordering please specify kind of gold wanted for base. The combination of the two golds makes an exceptionally attractive pin. If kind of gold is not specified, we will use our best judgment.

High School Emblems

For the Larger Classes

The name of a school on a class pin adds individuality. Most of the designs illustrated on pages 5 and 7 show the maximum number of letters; pins can be made with fewer letters without detracting from the appearance.

Orders accepted for pins and rings of the same design provided the total quantity is twelve or more pieces.

CAREFULLY READ this page, as we will not be responsible for errors when directions are not followed.

Please do not destroy Catalog as style number is sufficient for reference or ordering.

DUPLICATE ORDERS should be as complete as the original and, if possible, accompanied by sample. Also state the name and address of the person who placed the original order with us, so that former specifications can be followed in filling your order.

ACKNOWLEDGMENT is promptly made of all orders amounting to thirty-five cents or over. Should you fail to hear from us within a reasonable length of time let us know so that we may investigate.
